INFORMATION FOR NANNIES

Welcome! We are happy that you are interested in professional nanny position placement through Necessary Nannies.

There are many benefits of working with a nanny placement agency like ours. We want to get to know you and what kind of placement would be just right for you. The families we work with are pre-screened, usually through personal interviews in their own homes. We take special care to help make a good match for both nannies and families. We help families prepare a realistic job description and competitive compensation package for their nanny.

Once you've selected a family to work for (and they have selected you), we'll assist in putting an employment agreement in place so that you have a clear picture of your responsibilities, and you can be confident that the family understands their obligations as your employer. As a nanny you will work as a household employee of the family that hires you, but after your nanny placement, you can count on us for ongoing support, information, and respect for you as a professional.

The only expenses you may have are the cost of completing your background check and CPR and First Aid Certification and any additional childcare training that you may choose to complete or the family requests. If you haven't had a criminal background check in the past 12 months, you'll be asked to update it. Our referral service to you is **free of charge**. The families we serve hire us to find wonderful, qualified nannies for their children, and we work tirelessly to find just the right nanny position for the professional nannies who seek positions through our agency. Unfortunately, we are not able to place nannies desiring to bring a child or children to work.

What kind of salary might I expect?

The salary you can expect depends greatly upon your experience, references, and education in the child development field. Also, the pay may vary according to the specific responsibilities of your position. Taking these things into account, you might expect to earn a gross pay rate of \$11-17 per hour as a professional nanny. Nanny pay is negotiated directly with the hiring family/employer, and Necessary Nannies may assist in the process. We strive to work only with families that value the special contribution a nanny makes to their family and are prepared to pay an equitable wage.
